

Goldfish Bites

Available Sizes: 100g

A high quality, nutritionally balanced diet for all goldfish kept in aquaria or ponds
Bite sized pieces of nutritious food

Ideal for Children to feed to their goldfish

Naturally enhances the colour of your goldfish using Spirulina and Chlorella algae, paprika and carrot

Specially formulated to promote health, easy digestion and long life

Does not cloud the water

Contains natural ingredients which support your fishes immune system and promote their health, including Beta Glucans, garlic and Omega 3 oils

Feeding

Feed a small amount 1 – 2 times each day. Small goldfish will take 1 – 2 bites at each meal. Medium goldfish need 3 – 6 bites and large goldfish 5 – 8 bites. Your fish should eat all of the food within 5 minutes. If they don't, reduce the amount you feed in future meals.

Additives
